

GREAT WESTERN RAILWAY

Safety Policy

Great Western Railway, Ltd. (GWR) is committed to providing a healthy, safe and environmentally friendly rail workplace in accordance with all applicable workplace health and safety and environmental legislation.

All employees, regardless of position, are expected to have a shared responsibility in workplace accident prevention by maintaining and promoting safe and productive work practices in all aspects of our business.

Through its Safety Management System, GWR will establish and maintain policy to assure that regulatory requirements are known, and rules and operating practices are understood and adhered to by management and non-management employees, and contractors.

All reasonable steps will be taken to eliminate hazards that could result in personal injury or illness, damage to property or create a negative impact to our railway, customers, communities, and the environment. Accidents will be controlled through awareness, accident prevention programs and strong employee engagement.
